WANTS GROUND FOR DRILLS.

War Department Considering Gen. Harvey's Plea for Park Space.

The War Department has under con-sideration a request from Brig. Gen. Harvey, commanding the National Guard of the District of Columbia, for the use of that portion of Potomac Park east of the railread embankment as a drill ground. Gen. Harvey has informed the department that it is desired to use the park for cavalry and artillery drills on certain days of the week.

Col. W. W. Harts, in charge of poblic buildings and grounds, is understood to oppose the granting of permission to use any part of the park for military purany part of the park for minury purposes, especially for cavalry and artillery drills. Such drills, he is reported to have informed the department, require a great deal of ground, and if the east portion of the park is used for such purposes, he said, present plans for the development of the tract into a huge public playground will be seriously interfered with.

# MR. TAFT NAMED

South Carolinian Urges Ex-President for Supreme Court Vacancy.

J. C. Milford, a South Carolina democrat, who called on President Wilson with Representative Aiken today, told the President that he has been through many places in the south lately, and that he finds an almost universal feeling there that the President would do a mighty pleasant thing should he nominate former President William H. Taft as associate justice of the Supreme Court of the United States. "The people of the south," Mr. Milford said, "do not look upon Mr. Taft as a partisan in politics, and are willing to trust him in the Supreme Court or any other position.

"They actually love the former" innocent statement made by me a day or two ago to the effect that it was understood that Mr. Bryan had indicated that he was willing to respond to any call made by his friends and to go anywhere they thought he might be of service in checking the might be of service in checking the militarist movement.

"There certainly was no better foundation for the story as far as my knowledge goes. Its invention is probably an indication of the nervousness which prevails in certain quarters regarding the fate of a program which finds so little real favor in Congress and in the country."

declaring Carranza adherents and Americans are to be killed, and all property stolen, according to reports of arrivals from Torreon today.

About 300 Carranza troops are contered at Torreon. A week ago they had fot taken the field against the majorutants it was said.

They actually love the former President." Mr. Wilson is said to have told Mr. Milford that he was deeply interested in what had been told him. A big delegation of Atlanta lawyers called on the President, headed by Senators Smith and Hardwick and Representatives Howard, Crisp and Edwards, to promote the candidacy of Alexander King of Atlanta for nomination to the Supreme bench.

Senator Pomerene of Ohio talked to President Wilson today in favor of the and a number of similar establishments mination of Christian Gockeler, forper secretary of the Board of Trade closely by the police to detect any viothis city, as recorder of deeds of lation of the gaming law in connection the District, the second visit in behalf of Mr. Gockeler the Ohio senator has made to the White House. President Wilson gave no intimation of his intentions as to the recordership, merely thanking Senator Pomerene for his recommendations. Senator Pomerene told the President that he did not believe a more popular local appointment lieve a more popular local appointment could be made.

Pleas were made by three callers at the White House today for clemency by President Wilson on behalf of Midshipmen Francis J. Kelly, jr., of New York and Thomas H. Davis of South Carolina, who have been recommended for dismissal from the Naval Academy by the superintendent and Secretary Daniels for alleged intoxication and infringement of other rules of the institution. The pleas were made by Revs. P. J. O'Callaghan and J. J. O'Hern and Representative Aiken of South Carolina. Representative Fitzzerald of New York saw the President in behalf of the boys some days ago. It was said today that the President is likely to approve the recommendations for dismissal and not exercise clemency.

mrs. Wilson May Go With President.

Much interest centers in the possibility that Mrs. Wilson will accompany the President, and inquiries already are coming in from the west as to whether she will do so. This has not been determined, so far as could be learned today, and it is said that much will depend on the strenuosity of the journey. If the schedule as finally arranged is to be one of hasty jumps from one place to another and a continuous round of speechmaking, Mrs. Wilson may not go.

If the number of speeches is not large and the itinerary not so strenuous she may go. She would be royally and cordially entertained, westerners said today, and the trip would be all the more pleasant for the people generally if she should be with the President.
